

MANVENDRA CHATURVEDI

Food Safety and Quality Management Professional

+91-8929629969 | manvendrachaturvedi99@gmail.com | New Delhi, India | [Linkedin](#)

SUMMARY

Food Safety and Quality Management professional with a Bachelor's degree in Medical Biotechnology and currently pursuing M.Sc. Food Safety and Quality Management. Hands-on experience in Production Operations and Quality Control through internships at Mother Dairy and Fair Lab Pvt. Ltd. Skilled in HACCP implementation, CCP monitoring, FSMS documentation, laboratory testing, microbiological sampling, quality assurance, GMP, GHP, SOP compliance, and food safety audits. Familiar with FSSC 22000, ISO 22000, ISO 45001, IMS requirements, root cause analysis, trend analysis, CAPA, equipment calibration, and FSSAI compliance.

EXPERIENCE

Mother Dairy Fruit & Vegetable Pvt. Ltd (Operation)

- Nov 2025 – Jan 2026 New Delhi
 - Monitored raw milk reception parameters and production Processes.
 - Assisted in HACCP implementation, CCP identification, monitoring and verification.
 - Conducted line inspections to ensure GMP, GHP and SOP compliance.
 - Supported FSMS documentation and production quality records.
 - Assisted in raw material quality verification and process monitoring.
 - Participated in food safety compliance, audits and corrective action activities.

Fair Lab Pvt. Ltd. (Quality Control)

- Jan 2025 – May 2025 Gurgaon
 - Performed sample preparation and laboratory testing.
 - Assisted in microbiological and chemical analysis of food samples.
 - Maintained laboratory records and quality documentation.
 - Supported quality assurance procedures and testing protocols.
 - Assisted in calibration and verification of laboratory equipment.
 - Participated in quality trend analysis and reporting activities.

PROJECT

Plant Operation in Bulk Vended Milk Department

- Developed process flow diagrams.
- Conducted hazard analysis.
- Identified Critical Control Points (CCPs).
- Established monitoring procedures, verification activities and corrective actions.

Extraction and Quantification of Retinol by Reverse-Phase HPLC from Edible Oil

- Studied the methodology for the extraction and quantification of retinol (Vitamin A) from edible oil samples.
- Assisted in sample preparation and laboratory procedures related to retinol analysis.
- Gained understanding of the principles and applications of reverse phase HPLC in food analysis.

CORE SKILLS

- Quality Assurance (QA) & Quality Control (QC)
- HACCP Implementation & CCP Monitoring
- Food Safety Management System (FSMS)
- FSSC 22000, ISO 22000 & ISO 45001
- Integrated Management System (IMS)
- GMP, GHP & SOP Compliance
- Raw Material Inspection
- Laboratory Testing & Analysis
- Microbiological Sampling & Chemical Analysis
- CAPA & Root Cause Analysis
- Equipment Calibration
- Documentation & Record Control
- Internal Audits & Regulatory Compliance (FSSAI)

TECHNICAL SKILLS

- Microsoft Excel
- Pivot Tables & Reporting
- Microsoft Word
- PowerPoint
- Documentation Management

EDUCATION

M.Sc. in Food Safety and Quality Management

[Indira Gandhi National Open University](#)

2025- 2027 (Pursuing)

B.Sc. in Medical Biotechnology

[Galgotia University](#)

2022-2025

CERTIFICATION

Industrial Certificate- Mother Dairy Fruit & Vegetable Pvt. Ltd.
Quality Control Certificate- Fair Lab Pvt. Ltd
